Welcome to SBS Trailers

SBS is probably the largest boat trailer manufacturer in the UK with an enviable reputation for producing a superior trailer at a competitive price. All trailer frames are fully welded and hot dip galvanised for resistance to corrosion, with the best available running gear fitted as standard.

We specialise in producing trailers for sports boats up to 2800kgs in weight but have equal knowledge of the keel boat market and provide a custom built option for these customers.

British Build Quality

Today we have over 20 dedicated employees and operate from a 68,000 square feet factory in Wolverhampton.

Our constant philosophy has been to provide the best product at the most competitive price using only the best components from the most respected sources.

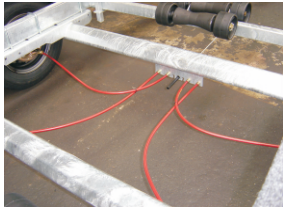

We are constantly revising and updating our designs to make sure we have the latest technology and components incorporated in our products.

We supply trailers to all the major sportsboat builders and importers and are preferred contractors to the MOD.

What you get from SBS as standard...

- ☑ Tried, tested and proven over the years a trailer from SBS is designed with your boat in mind.
- ☑ Quality galvanised axles give a smooth ride for excellent towing characteristics and optimum safety, with EU approved brakes and hubs.
- ☑ Hubs now fitted with waterproof bearings on most models.
- ☑ Fully adjustable carpet padded bunks to protect and support the hull.
- ☑ All parts available from stock for speedy repair.
- ☑ Securing eyes for the positive attachment of ratchet straps.
- ☑ High capacity winch to aid recovery. Twin speed on larger trailers.
- ☑ Full rear lighting on extending brackets.

Trailer Features

Stainless Steel Brake Cables

Giving superior performance and reduced maintenance.

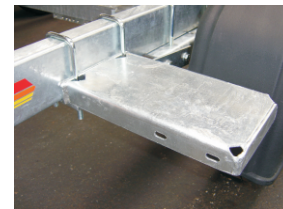

Variation

SBS Trailers offer both bunked and roller-easy loader configuration as well as custom designs.

Water Proof Bearings

Fitted with torsion beam axles and waterproof bearings on most of the range, providing virtually free maintenance and long life.

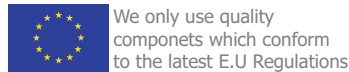

Side Steps

Easy to use steps for access to your boat.

Fresh Water Flushing Hub Fresh Water Flushing Kits can be provided.

We only use quality components which conform to the latest E.U Regulations

Customer Comments:

"Fast, efficient, friendly service coupled with excellent, easy to use trailers creates a winning combination."

"It is extremely gratifying to use a retail product you can have absolute confidence in."

"For strength and reliability Fletcher are happy to recommend SBS Trailers."

"We find SBS Trailers well built and of a very high quality"
